The Hawthorns

Private Medical Consulting Rooms

Independent Private Medical Consulting Rooms

At The Hawthorns, we understand that you enjoy the benefits of working in private practice and realise the importance of ensuring that patients can have access to you as an **independent** professional. However, rarely do Consultants enjoy the **marketing** and **communications** element of developing a private practice or the activities involved in making in-patient and out-patient appointments, managing **records** and **correspondence, debt collection** and so on. We offer a range of support packages, within the clinic, which can help give you the freedom to work independently of the larger private health organisations, by taking some or all of the elements of managing your private practice away.

Consulting Room Rental

If you wish to consult your patients in a more stylish and comfortable environment you will appreciate the quality of the decor and the quality of facilities at The Hawthorns. The rooms are housed in a recently renovated Georgian building set in the heart of Droitwich Spa. We offer a calm and relaxing atmosphere in the high standard of accommodation that private patients expect. There is also on-site parking with disabled access.

Simple consulting room rental comprises of a tastefully furnished room with the necessary equipment at hand for examining patients. There is computer access in each room where you can view x-rays via PACS. There is a member of our reception team available to welcome your patients and offer tea, coffee or cold drinks with up to date newspapers and magazines to read whilst they wait in the attractive conservatory waiting room. Our reception staff are qualified nurses and are at hand to assist you if required, they are well informed and will ensure that your patients are offered the level of attention they require.

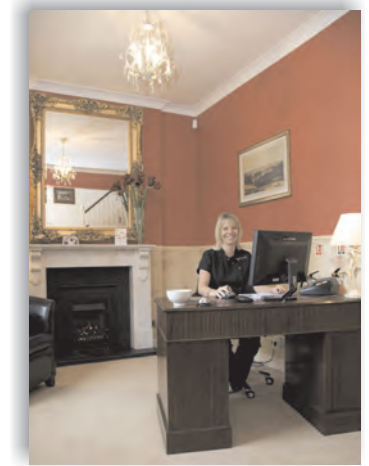

Secretarial Support

Our Medical Secretaries are AMSPAR qualified and offer an outstanding service. Correspondence is turned around within 48 hours of each clinic. The offices are manned from 8.30am until 5pm from Monday to Friday ensuring that your patients have a ready point of contact by telephone or email. The support staff use the Bluespier Private Practice Manager system which combines detailed clinical data capture with the administrative functions required to run an efficient private practice. Bluespier

allows you the facility for paper-free clinics and for dictation to be uploaded digitally thus enabling you to check your letters, reports and so on from anywhere in the world at any time of day or night.

Billing

Should you choose to take advantage of our financial management facility, the book keeping staff can manage your billing and debt collection. We have a wealth of experience in dealing with invoicing and collecting in funds from both Insured and Self-Funding patients. Our aim is that you have no bad debts. We will produce accurate reports for your accountants at the year end.

Collaborative Working

More and more medical professionals are choosing to form collaborative working groups by developing associations with colleagues from similar medical disciplines. Working together collaboratively can save on the costs involved in marketing and admin and can enhance your profile and strengthen your practice. At The Hawthorns we have experience in managing collaborations and can accommodate you either as an **individual** or as a **group**.

For further information on **Marketing, Admin, Billing, Consulting Rooms**, please contact Karie Burbeck by telephone 01905 799127 or by email karieburbeck@joint-clinic.co.uk
